

Kiamba Valley Nursery is an advanced tree nursery based on the Sunshine Coast, supplying a variety of native and exotic landscaping and decorative trees. We specialise in advanced trees in 25-200 L bags, ranging from 1-4 metres high. Whether you require a feature tree for your driveway or an instant screening solution, we have what you need. We also cater for developments and council street side plantings, with plants grown to NATSPEC guidelines.

Contact us today for our current and upcoming stock availability, or for a quote on delivery.

You are most welcome to inspect our stock in person, but please note that we are open by appointment only with appointments available most days.
